There are numerous scenarios that could cause a failed power grid that could leave large sections of the country or world in the dark. If you don t what could cause a massive power grid failure, you need to read the book. It isn t just the lights that go out. Everything will grind to a halt and it will be survival of the fittest, or in this case-the most prepared. Do you know what you need to prepare for a massive power failure that will put life as you know it in jeopardy? Can you feed your family with what you have in your house right now? Do you know what to do to take care of sanitation needs, water requirements and your comfort in general? Don t be embarrassed if you don t have the first clue about what you would do if you were plunged into a blackout. Many people don t, which is why you need this book. It will guide you through everything you need to know to stay alive in the event of a major power grid failure. You will learn some valuable tips that will help you prepare for the imminent failure of the power grid. There is no time like the present to start preparing your home and your family to live and ultimately thrive a disastrous event like a failed power grid. Stocking up today, could save your life tomorrow.
