

## Dreaming in Code: Two Dozen Programmers, Three Years, 4,732 Bugs, and One Quest for Transcendent Software

By Rosenberg, Scott

Crown Business, 2008. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Technology people like to call complicated problems 'nontrivial.' Scott Rosenberg has taken an extremely nontrivial topic and made it accessible. He plainly admires the people who create code, but shows them as the complex, flawed beings we all are- and how human talents, quirks and passions become part of what people create. Dreaming in Code is stellar reporting and writing." Dan Gillmor, Director, Center for Citizen Media and author of We the Media "We live in a world increasingly governed by the near-invisible logic of software, and yet most of us know almost nothing about that hidden world inside our computers. Dreaming in Code is a fascinating and sobering exploration of how the challenges of programming both inspire and undermine our human drive to create new tools. Beautifully written, it's a book for anyone interested in the roots of creativity and innovation, for coders and non-coders alike." Steven Johnson, author of Everything Bad Is Good for You and Emergence "The great software genius Bill Joy likes to say that writing software is like building a cathedral: It's art, science, architecture, and manual labor...
