

Sustainable Revolution: Permaculture in Ecovillages, Urban Farms, and Communities Worldwide (Paperback)

Filesize: 2.5 MB

Reviews

This type of book is almost everything and helped me hunting forward and more. I was able to comprehended almost everything using this published e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Edwardo Ziemann)

SUSTAINABLE REVOLUTION: PERMACULTURE IN ECOVILLAGES, URBAN FARMS, AND COMMUNITIES WORLDWIDE (PAPERBACK)

North Atlantic Books,U.S., United States, 2014. Paperback. Book Condition: New. 236 x 178 mm. Language: English . Brand New Book. Urban gardeners. Native seed-saving collectives. Ecovillage developments. What is the connection between these seemingly disparate groups? The ecological design system of permaculture is the common thread that weaves them into a powerful, potentially revolutionary--or reevolutionary--movement. Permaculture is a philosophy based on common ethics of sustainable cultures throughout history that have designed settlements according to nature s patterns and lived within its bounds. As a movement that has been building momentum for the past 40 years, it now is taking form as a growing network of sites developed with the intention of regenerating local ecologies and economies. Permaculture strategies can be used by individuals, groups, or nations to address basic human needs such as food, water, energy, and housing. As a species, humans are being called forth to evolve, using our collective intelligence to meet the challenges of the future. Yet if we are to survive our collective planetary crisis, we need to revisit history, integrating successful systems from sustainable cultures. To boldly confront our position on the brink of the earth s carrying capacity and make changes that incorporate the wisdom of the past is truly revolutionary. Sustainable Revolution features the work of a worldwide network of visionaries, including journalists, activists, indigenous leaders and permaculturists such as David Holmgren, Vandana Shiva, Charles Eisenstein, Starhawk, Erik Assadourian, Victoria Tauli-Corpuz, Albert Bates, and Geoff Lawton. This beautifully photographed collection of profiles, interviews, and essays features 60 innovative community-based projects in diverse climates across the planet. Edited by anthropologist Juliana Birnbaum Fox and award-winning activist filmmaker Louis Fox, it can be read as an informal ethnography of an international culture that is modeling solutions on the cutting edge of social and environmental change....
