

Selected Papers: Weak Interactions and Early Papers

By T. -D. Lee

Birkhauser. Paperback. Book Condition: New. Paperback. 845 pages. Dimensions: 10.0in. x 7.0in. x 1.7in. In these volumes, the most significant of the collected papers of the Chinese-American theoretical physicist Tsung-Dao Lee are printed. A complete list of his published papers, in order of publication, appears in the Bibliography of T. D. Lee. The papers have been arranged into ten categories, in most cases according to the subject matter. At the beginning of each of the first eight categories of papers, there is a commentary on the content and significance of all of the papers in the category. The two short final categories do not have any commentaries. The editor would like to thank Dr. Richard Friedberg for his assistance in the early stages of the editorial work on this project, as well as for writing commentaries on the papers of Categories III and IV. I would also like to thank Dr. Norman Christ for writing the commentary on the papers of Category VII. The assistance of Irene Tramm was invaluable in many aspects of preparing this collection, including locating copies of Lee's papers. GERALD FEINBERG List of Categories of T. D. Lee's Papers Volume 1 I. Weak Interactions II. Early...
