

## Mastering Managerial Accounting: Key Concepts Through Problem Sets (Paperback)

Filesize: 7.88 MB

### ***Reviews***

*Excellent e-book and useful one. It is written in straightforward phrases rather than confusing. I am just very happy to explain how here is the finest publication I have got read through in my very own lifestyle and might be the greatest book for possibly.*

Cognella Academic Publishing, United States, 2014. Paperback. Book Condition: New. 274 x 211 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Traditional accounting textbooks are often text-heavy and relegate actual accounting problems to back-of-the-chapter status. In contrast, *Mastering Managerial Accounting* helps students learn by doing. It emphasizes working through problems over reading about theory and identifies clear procedures for completing each problem successfully. Well-organized chapters include recommended readings from numerous sources and a concise explanation of relevant theory. The heart of each chapter features an appropriate method for solving problems, an illustrative example, and an introductory stop-check problem for immediate application. There are also practice exercises paired with note-taking space for class use, step-by-step exercises for selective practice, whole problems requiring use of the entire target method, and an assignment problem. Those wishing to work at a more advanced level can complete challenge problems. Detailed answers are provided for self-evaluation. Topics include the operating budget, variance analysis, capital budgeting under uncertainty, cost and service department allocation, job and normal costing, pricing, and production under constraints. Extensively class-tested, *Mastering Managerial Accounting* serves equally well as the main text for instructors wishing to emphasize practical problem-solving and as a supplement to traditional texts. Christine Denison, whose areas of expertise include decision making in managerial accounting and capital budgeting and performance evaluation, holds a Ph.D. from the University of Iowa. Dr. Denison is now an associate professor in the university's College of Business. Dr. Denison's work has been published in *The Accounting Review* and *Contemporary Accounting Research*.
