

Shared Medical Appointments for Chronic Medical Conditions: A Systematic Review

By U. S. Department of Veterans Affairs

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 78 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. Optimal care of chronic illness requires both high-quality care (i. e. , excellent clinical outcomes) and ready access to care. However, health care systems struggle with providing access and quality simultaneously and to achieve both these objectives while simultaneously maintaining staff job satisfaction is a formidable undertaking. Although Veterans Affairs (VA) has made large strides in delivering quality care over the past two decades, quality gaps remain, both gaps in technical quality (e. g. , still only 70 to 75 of patients have appropriate blood pressure control) and gaps in timeliness of services. Group medical visits offer the promise of improving the effectiveness, timeliness, and efficiency of health care. Additionally, because clinicians may prefer to work in collaborative, multidisciplinary settings, group medical visits also have the potential to improve staff satisfaction. Group medical visits are defined as multiple patients seen together while in the same clinical setting. A subset of group clinics referred to as shared medical appointments (SMAs) is defined by groups of patients meeting over time for comprehensive care, usually involving a practitioner with prescribing privileges, for a defining chronic condition or...
